

## Honda Pioneer 700 Rear Bumper install 693-7014-00

### Safety:

- Ensure that the UTV is safely parked on level ground with the ignition off.
- Wear all appropriate PPE for the following procedures

### Provided:

Rear bumper and hardware bag.

### Step 1

Install bumper brackets on to the bumper. Leave all bolts loose until final fitment.

**Step 2**

**Position bumper assembly on unit and install U-bolts on each side.**

**Step 3**

**Begin tightening all bolts checking final position of bumper. Adjust alignment as you proceed to tighten.**

**Thank You! From Bad Dawg Accessories!**
